Bonnington Traverse equipment list

The equipment and clothing you bring will have a big impact on the quality of your trip. Make sure to bring all items listed except for items that are listed as optional (either are luxuries or your guide will be carrying for the group).

Temperatures can vary widely in the day. They can increase from -20C overnight to +5C on sunny days or descents to the valley. For clothing use the 'layer system': Light technical clothing that doesn't take much space in your backpack and dries quickly if sweaty or wet. Layers that can be put on and taken off fast if weather conditions change during the day. If you have any questions about anything please contact us.

I e	chnical Equipment
	Alpine Touring skis (lightweight bindings like Dynafit or Silvretta Pure is
	recommended)
